Submitting for favor of Sanction a Statement of Compensation for Rs 475/- payable to Mr. T Lakshmana Rao for building sites No 848 & 849 owned by him on the 4th Main road in Chamarajendra pete, Bangalore.

Ref to Secretary -

The report is so meagre that it cannot be made out ~~how~~ what necessity there was for giving away the sites & then taking them back for nearly 10 times the price originally paid by the owner.

The President may therefore be requested to state when the sites ~~were~~ which contained water course were given to the applicant & for what price, whether the Officer responsible for the allotment was not aware of the existence of the water course & what explanation he has to give for the allotment of the said sites - The original records connected with the allotment of these sites ~~& the records~~ may be called for with a report as to the circumstances under which the Compensation of Rs 475/- has been fixed.

Sir,

I have the honor to submit herewith for favor of sanction, a statement of Compensation for Rs 475/- payable to Mr. T. Lakshmana Rao for building sites Nos 848 & 849 owned by him in the 4th Main Road in Chamarajendrapete, Bangalore, which were taken over under the following Circumstances.

In August 1899 Mr Lakshmana Rao applied for a license to build a house on those two sites. As there was a water Course in the

middle of the two Sites to carry
storm water, the application was
referred to the Sanitary Superv-
-intending Engineer for report.
That Officer stated in reply that
permission to build should not
be given as the drain preferred
to was the main Course for the
passage of the storm water in
that locality and it could not
therefore be closed. A width
of only 12 feet was required for the
purpose of the drain. But as it
was situated in the mid way
of the two Sites, the petitioners
refused to give up that much
of the land to the Municipality
and offered to relinquish the entire
Sites on payment of proper
Compensation to him. After much

negotiation he has agreed to give up the two Sites for a sum of Rs 4750/-. I beg that the payment of the amount may be sanctioned out of the old City Improvement Fund at the disposal of the Deputy Commissioner and President

It is expected that a good portion of this amount will be reimbursed by sale of Sites remaining after the drain is built and a Cross road opened

No 346

From

To

THE SECRETARY TO THE GOVERNMENT OF MYSORE,

BANGALORE.

Sir,

With reference to your docket No. 16914 / I.J. 116-95 dated the 17th April 1902 Calling for further information regarding the acquisition of Sites Nos 848 and 849 in Chamarajendrapete from Mr. T. Lakshmana Rao on payment of a Compensation of Rs 475/, I have the honor to state that the sites in question were originally given away @ Rs 50/- a site to Advocate Mr. Alasingaracharlu in April 1892 by Mr. Singaracharlu Municiff - who was said to

be a special member of the Old City Improvement Committee and one of the members deputed to the work of allotting sites to the different Communities in the Western Extension At the time of the disposal of these sites as above there was a slight trace of a small water Course running at the Southern end of both of them which in no way detracted from their value for purposes of house building. As these sites were moreover situated in a prominent locality and there were many applications for them, they were sold for twice the price recovered for an ordinary site measuring (108 x 30) which was Rs 25/. From the

the statement of Lakshman Rao which is herewith submitted it becomes evident that he purchased those two sites in 1894 from the Municipality @ Rs 7/5/. a site, and that a drain was excavated in site No 849 subsequently in 1896. The old water course which originally ran at a corner of the two sites as stated above appears to have been latterly straightened by the Sanitary Works Department so as to pass through the site No 849. At present the drain has scoured away a large extent of the said site as well as a portion of No 848. M. Lakshman Rao does not like to part with the 12 feet of land required.

for the dream and retain the
remaining portion as the latter
will not suit him to build
upon. If steps are to be taken
to acquire it under the Land
Acquisition Act, it is feared
that the aggregate Cost may
not be far below the amount
of Compensation now settled.
It is on the other hand, expected
that after the dream is built
the remaining portion of the
land may, when sold by pub
-lic auction, bring in a large
sum. Under the above circum-
-stances the Compensation al-
-ready settled may be sanc-
-tioned.

observe that the sites
in question are apparently
not built upon and that
the owner has no right
to insist on the whole
being acquired (as he could
for a house &c under section
49 of the Land Acqn Regulation)
Reasons therefore that
